Anita Mahadevan-Jansen, Vanderbilt University, Nashville, USA
Frédéric Triponez, University Hospital of Geneva, Switzerland
The 5th Symposium on Parathyroid Fluorescence

Dear colleagues,

Thyroid and parathyroid surgery has become very safe during the last century. However, hypoparathyroidism remains a current concern, with significant, 1-30% rates of post-thyroidectomy hypoparathyroidism. There is currently no gold standard on how to detect and preserve parathyroid glands and their vascularization during thyroidectomy.

New optical-based techniques, without radiation, have been developed to help detect parathyroid glands (in particular autofluorescence) and confirm their vascularization (in particular ICG angiography). This has opened a new, exciting area of research for surgeons and scientists. Some of these devices are now approved by the FDA to help in “real-time location of parathyroid tissue during procedures such as thyroidectomy or parathyroidectomy”.

After the great success of the 2019, 2020, 2021 and 2022 symposiums, we decided to go on and organize the 5th SPF symposium. This fifth edition will be hybrid, which should allow more people to have access to the latest clinical and scientific knowledges regarding these promising techniques.

We are looking forward to an exciting and friendly exchange of ideas and to help move the field forward.

Frederic Triponez, Geneva
Quan-Yang Duh, San Francisco
Anita Mahadevan-Jansen, Nashville

CHF 10'000.-

Silver Sponsor  
CHF 5'000.-

OTHER OPPORTUNITIES

Live transmission of surgery  
Date: Wednesday February 22, 2023  
Location: Swiss Foundation for Innovation and Training in Surgery (Geneva)  
Surgeon: Prof. Frédéric Triponez  
Participants: max 50 participants  
Equipment has to be approved by the organizing committee  

CHF 4'000.-

Exhibitors package (February 23-24, 2023)  
- 1 table, 2 chairs  
- Standard electricity, WiFi  
- URL link and logo on congress website  
- Logo placement in final programme  
- Registrations included for 2 persons  

CHF 3'000.-

Other kind of sponsoring (pens, pencils, notebooks, congress bags, etc…) as well as separated items can also be accepted, please feel free to ask to discuss other opportunities.
